THE TWO CAUCUSES

Democrats Will no Doubt Meet Tuesday Next—Republicans Tonight.

Effort Made By Opposition to McCreevy to Stave Off the Caucus Longer.

OTHER NOTES FROM FRANKFORT

Frankfort, Jan. 8.—It is almost certain that the Democratic Senatorial caucus will be held Monday night next. The three candidates who oppose McCreevy, however, are doing their utmost to stave it off longer, with a hope of gaining more ground, but to no purpose.

The Republicans called their caucus for tonight, and it now looks as if it is certain that Senator Deboe will get the nomination.

The joint caucuses for the nomination of a state librarian may be called Friday evening. The general opinion as to the senatorial situation is that the caucuses will be called Thursday evening.

The Republicans will hold a caucus this evening to make the minority nomination for United States senator. Senator Deboe is out for the honor and Congressman Boreing would like it if came his way.

Kentucky will certainly have a new capitol if the present good feeling among the senators and representatives continues. Scores of members have announced themselves in favor of the necessary appropriation, and not one has been found so far who is against it.

Politicians who have been here at former sessions say that never before has there been such a strong sentiment in favor of new buildings, and that the senatorial race is not allowed to take too much valuable time there is an excellent show of the bill going through.

Several important bills were introduced in the Senate this morning. One is for central controlling board to govern the charitable institutions; a new school book bill and others.

JUDGE LIGHTFOOT

Performed His First Marriage Ceremony This Morning.

Mr. W. B. Coffin and Miss Dora Garner United in Wedlock.

County Judge H. T. Lightfoot performed his first marriage ceremony this morning, when he united Mr. W. B. Coffin of Chicago and Miss Dora Garner of the city in wedlock.

Miss Garner is a well known young lady of the social set, stenographer for Dreyfus and Weil, and Mr. Coffin is well known here, having been employed in the clerical office about eight months ago. He went from here to Chicago, and is employed by the Postal Telegraph operator. The marriage was performed in the office of Judge Lightfoot and at noon the bride and groom left for Chicago, where they will reside.

SAID TO BE A VALUABLE CATCH.

INDIANA PRISONER ALLEGED TO BE A FAMOUS SWINDLER.

Richmond, Ind., Jan. 8.—A man giving the name of W. H. Hingher, now under arrest in this state, is declared to be a valuable capture, as there is said to be evidence to show a wholesale career of swindling in Tennessee, Missouri, Iowa, Kansas, Illinois and other states. His alleged game was to claim to represent the Omnia Publishing company, Philadelphia, and the National Clock company, New York, each of which it is said has been after him for a long time. Rewards aggregating \$2,800 are said to be outstanding for the man, whose aliases are given as McVicker, Smith and McDonald. He will probably be sent to Illinois for trial.

SUBMITTED TO ARBITRATION.

Buenos Ayres, Jan. 8, via Galveston.—The governments of Argentina and Chile having come to an agreement as to the wording of the clauses in the protocol referring to the policing of Ultima Esperanza, Argentina's rights in the matter being safeguarded, the representations of Argentina on the wording of the clauses referred to are ended. All questions in dispute will be submitted to arbitration of the British commission.

THE WEATHER.

Fair tonight and Thursday.

MINERS PERISH.

Many Entombed in Wisconsin—Only Two Alive.

Thousands of Tons of Dross Fell Without Warning.

Milwaukee, Wis., Jan. 8.—A special to the Sentinel from Negansse says: "The most distressing accident occurring in this country for years took place at the Negansse mine, by which from thirteen to seventeen miners are thought to have lost their lives. The accident was the result of a cave-in at the bottom of the shaft, and had it occurred half an hour sooner, about 50 would have been killed. The names of the dead so far as known are:

WILLIAM WILLIAMS.

JOHN SULLIVAN.

JOHN PASCOE.

JOHN PIERCE.

JACOB HUNALLA.

Thus far but two bodies have been taken out, Hunalla and an Italian, Domingo Basson, alive. Basson's story is as follows:

"We were sitting around the pump at the bottom of the shaft, when without any warning thousands of tons of earth came down. I remained, no more until I heard the sound of picks and shovels in the hands of rescuers and their shouts. When the rescuers found me I was seventy-five feet from the place where I had been sitting and found myself in a drift."

TOBACCO SALES.

This Morning the First of the Year Were Held.

A Good Attendance of Buyers—Prices Were Fair.

Today the first tobacco sales of the season were held. The sales were at all three of the local warehouses, and there was a good attendance of out-of-town buyers.

The following is a report of the sales and the prices received:

The Western District Warehouse Co. reported offering 49 bushels with fair sales, but possible heavy rejections. Lungs sold from \$3.60 to \$4.15, and leaf brought from \$4.50 to \$8.55.

Farmer and Co. report offering 43, with heavy rejections. The tobacco is reported to be bad condition. Leaf brought from \$4.50 to \$6.75 and lungs sold from \$3 to \$4.50.

Gilbert and Co. report offerings 59 with heavy rejections and prices unsatisfactory. Common leaf brought from \$4.25 to \$6.75, and medium leaf sold from \$5.50 to \$5.80, lungs brought from \$3.50 to \$4.

Generally the market is considered unsatisfactory in every respect.

Hardy Little, who had arranged to auction leaf from the wagon, has already secured eight wagon loads of leaf to sell at the sale next Tuesday morning at 10 o'clock, at Third and Jefferson streets.

TRIED TO CORRUPT SNOW.

OLEOMARGARINE AGENT HANDLED FOOD COMMISSIONER BRIBE AND WAS ARRESTED.

Detroit, Mich., Jan. 8.—A special to the News from Kaalamazoo, Mich., says: "An attempt to bribe State Food Commissioner W. B. Snow of this city in order to prevent prosecutions for the sale of oleomargarine ended in the arrest last night of Charles H. Thompson of Chicago in Commissioner Snow's home. Snow was approached some time ago by an alleged representative of a packing plant. With the knowledge of the prosecuting attorney and Governor Bliss, Snow, it is said, agreed to accept as a bribe half a cent per pound for all that brand oleomargarine sold in Michigan, and in return was to see that there were no prosecutions of that company's agents in the state for violating the pure food laws. Thompson went to Commissioner Snow's home by appointment Monday evening, and handed him a check for \$120. Snow opened a door to another room and a signal to Sheriff Glenn Shippman, who stepped out. Thompson was immediately arrested. This morning Food Commissioner Snow swore to a warrant charging Thompson with offering a bribe.

CANT BEAT PADUCAH.

Mr. G. Hendrick, with the National Bank of North America, of New York, is in the city on business. He is making a tour of the south and says that Paducah is the best town of its size he has struck since he has been in the south.

Mr. Adam Keller and children, of Owensboro, who came here to attend the Christman-Dipple wedding December 31, returned home at noon today.

SOUTHEND SENSATION

It Is Alleged That There Is a Child In a Well in Mechanicsburg.

Whisperings Heard Among the People For Sometime Past—Needs Investigation.

SOME OF THE RUMORS ARE STARTLING

There have been dark rumors afloat in Mechanicsburg for the past two or three weeks of the body of a child being concealed in a well. It is impossible to get at the facts, because apparently no investigation of the reports has been made, at least not a full one.

It is claimed that the body of an infant was thrown into a well to conceal its birth. It is believed that the infant was alive, but is firmly believed by all the people in the neighborhood that the body is in the well.

It is said that a girl of that part of the city became ill, and soon afterward something in a box was thrown into the well. The girl, according to report, was engaged to marry a young man from a distance about Christmas time, but when he came to her she suspected that all was not right, and declined to carry out his part of the agreement.

Shortly afterwards the girl married another young man, going to Metropolis.

A lady waited on the young woman when she was ill, and declares that something was concealed under the bed in a box for two or three days, and when she made inquiry, was soon convinced by their reply that her inquisitiveness was very distasteful. The box was soon afterwards thrown into the well.

The rumors began to fly thick and fast, but the neighbors could do nothing. In a few days, however, the family moved, and one of the neighbors took the trouble to drag the well. The box was fished up, and found to contain portions of clothing and other evidence that it had contained the body, but as it was hauled out, it is supposed the body fell into the water, and to now at the bottom of the well.

The woman who attended the girl is known, the doctor in the case is known, the man who fished out the box and clothing is known, but it is alleged the doctor was not sent for until after the birth of the child had taken place and been concealed. The police have heard of the case, and one officer made an investigation, but what the people of that section of the city are interested in is whether or not there is a child's body in the well, and if so, why it was placed there.

It was not long ago that somebody in passing the county graveyard in that portion of the city saw two men burying something there. About that time the burglary of J. J. Bleich's occurred, and it was thought it might have been some one burying the loot, but when the police went up and investigated, it proved to be the body of a child that someone had surreptitiously buried. As nothing could ever be learned of the identity of those burying it, there were never any further developments.

CIRCUIT COURT.

A FEW SMALL JUDGMENTS CONFERRED THIS MORNING.

The following judgments were pronounced by the non-appearance of the defendant in circuit court this morning. They are the first judgments filed in the court this term.

L. H. Ogilvie and Co. against Fletcher Terrell, confessed judgment for \$252.82.

M. L. Birge, Sons and Co., against F. P. Faltham, confessed judgment for \$42.77.

James Garnett against W. H. Wells, confessed judgment for \$42.65.

Kitty Anderson against J. H. Little, judgment for \$40.

The case of L. G. Schilder against P. F. Ramsey, suit on a note, was appealed after a new trial had been refused.

Nothing further was done in the circuit court, stay only motions being on trial.

THE HARDWARE TRUST.

NASHVILLE PARTIES IN INTEREST DECLINE TO GIVE OUT DETAILS.

Nashville, Jan. 8.—R. M. Dudley, president, and John M. Gray, vice-president of the Gray and Dudley Hardware Co., this city, returned yesterday from New York, where they went to enter into negotiations with the proposed hardware trust. President Dudley said it was impossible yet to say what would be done.

No company, he said, had been organized, although the subject had been widely discussed, and might yet result in something tangible.

FIFTEEN PASSENGERS KILLED IN A TUNNEL IN NEW YORK TO-DAY

New York, Jan. 8.—There was an awful collision of passenger trains in the tunnel on Fifty-Sixth street, between New York Central trains, and fifteen people were killed. Several

of the passengers were badly injured.

GROCERY BURGLARIZED.

Goods Being Taken Away By the Thief.

Scott Overton, the Proprietor, Heard of it and Fired at the Thief.

USED MAD STONE.

Man of Graves County Wanted it For a Wound on Hand.

It Had Been Sticking to a Woman For Over a Month When Recovered.

The grocery of Scott Overton, corner Twelfth and Caldwell streets, was broken into last night and goods to the amount of about \$20 stolen.

The burglary was committed about midnight, and entrance was effected by aid of a crowbar at the back door. In bursting the door in, the neighbors were awakened, and Overton was apprised of the fact that his place of business was being looted. He dressed and hurried to his store, arriving in time to see the thief shooting away with a pistol full of cartridges. Overton fired his pistol at the man, but failed to hit him. The pistol was dropped, however, and the thief made good his escape. Overton says that the burglar was colored, but that he failed to recognize him. About four loads were taken away in a basket, consisting of canned goods and stove polish, principally.

Mr. Frank Mantz has gotten his mad stone back. Over six weeks ago Miss Annelia Roark of Greenville, Ky., who was bitten on the foot, came to Paducah to have the mad stone applied.

The following is a list of the new

directors of the Y. M. C. A., elected yesterday: Messrs. F. M. McGlennan, fl., P. S. Wright, John Rock, L. E. Dunnett and E. W. Smith, for a term of three years, and Messrs. Samuel Hinckley, D. M. Flournoy, Lewis Bonard, S. B. Caldwell, Jr., and J. D. Macquarrie, for a term of two years. Account of the absence of a quorum last night the officers were not elected, and the election was deferred until a future date.

Secretary Scott has arranged for a men's meeting at the Kentucky, to be held by Rev. Arthur Crane, the evangelist now holding a revival at the First Baptist church. The manager of the theatre has offered his house to the association for this purpose, and a better place could not have been selected. The meeting will probably be held Sunday afternoon.

Yesterday Mr. Joe Rennolds of Lawless Cross Roads, Graves county, came to the city to have the stone applied to wounds on his hands. He was bitten by a dog supposed to be mad, and the stone was sent for by Mr. Mantz, and turned over to the Graves county man.

Mr. Gaskill of Cleveland, O., was telephoned this morning that the committee is ready to hear propositions, and expects him on the same day.

This means that there is going to be some lively competition among the carnival people to get the contract for the carnival, as Paducah is known far and wide as one of the best carnival cities in the country, and they all want to come here.

The committee on arrangements will meet Sunday to appoint sub-committees to further prosecute the work.

WHY THE MAN KILLED BY CHICAGO EDITOR TOOK TO HIGHWAY ROBBERY.

Chicago, Jan. 8.—The hold-up man

who was shot and killed by Eugene Hector here a few nights ago was

today identified by a man who refused

to give his name as John Flynn, the son of a man who is said to live on

Broadway, New York City.

According to his statement, young Flynn came to Chicago a few weeks ago in quest of work.

His funds slowly disappeared, and he was forced to take up his home in cheap lodging houses.

Finally he became desperate and the attempted hold-up followed.

DAILY THOUGHT.

"The man who worries cannot succeed."

THE PRESS PRAISED.

Every public official should have

the broad, sensible idea of journalism

enjoyed by Mayor Seth Low, of New

York. He appreciates the power of

the press in a community, and one of

the first things he did upon taking

charge a few days ago was to enlist

the aid of the newspapers in behalf of

his administration. He said it was

his wish that every department should

afford press representatives the fullest

information on all points regarding

which the public had a right to know.

His views as to the extent to which

publicity should be carried may be

judged from his further statement that,

as far as he knew, there was no act of an administrative or executive

character and none that was legislative

in its nature that should be kept

from the people.

The retiring district attorney of

New York, Mr. Phillips, said that the

newspapers had rendered him great as-

sistance in his work, and that although

often they were familiar with secret

order whose tenets are at variance

with the principles on which the

United States government is founded.

This prompts the *Quarter-Journal* to

say, "Amend it all."

The enthusiasm bestowed by a man

of such prominence and culture as Mr.

Low are not remarkable in anything

more than that he has a clever perception

of the truths for which Milton and

Janius fought in their battles for a

free press, but which many men in

public life do not yet recognize. Jon

is as ill in one of his incomparable es-

says that if it were possible to imag-

ine a despotism with a free press he

would choose it in preference, to a hu-

mane and enlightened government

with a fettered press, if that, too, could

be imagined. He said this was be-

cause no great abuses were possible

when there were men who could make

them known through the public prints.

On the other hand no abuse or usurpa-

tion was impossible to a government

when it has the power to veil its acts,

anything or everything, in secrecy."

BRIGHT OUTLOOK.

FOR REPUBLICANS.

The Globe Democrat thinks that

the Republican outlook was never

brighter. Everything points to a

heavier trade than last year, and to a

more general prosperity.

Speaking politically, the Globe

Democrat says:

"The elections for Congress this

year will, in a large degree, forecast

the result of the Presidential canvas

two years later. The Democrats were

free with the prognostications a few

weeks ago of Republican disagree-

ments on several important issues,

but none of these predictions have

shown any signs of verification.

On the question of the general

treatment of the Philippines there

is no divergence of any conse-

quence among the Republicans. This

was shown in the action taken by the

House on the Philippine tariff bill, in

which there was only a trifling defec-

tion on the Republican side. On the

Globe questions there is likewise prac-

tical unanimity. If there should be

an agreement on the ship subsidy

question, it can not possibly be greater

than that was in the late Congress,

twelve months ago, and that diver-

gence, as the overwhelming victory for

McKinley afterward proved, did not hamper the Republicans the slightest degree. The Democratic soothsay-

ers have been widely astray in their

divinations of Republican discord.

The party was never more harmonious

and enthusiastic than it is at this

moment. An overwhelming majority

of the people of the United States are,

manifestly, on the Republican side.

A reversal of some dimensions or othe-

to the party in power is the rule in

the Congressional election in the mid-

dle of the Presidential term, but it

is not clear that the Republicans in

the canvass of 1902 will pass this dan-

ger line in safety as they did in the

Congressional contest of '98, when

the conditions were far less propitious

than they are today."

The Democratic papers have recent-

ly had a great deal to say about the

alleged unfair and unequal distribution

of prize money due the officers who

participated in the battle of San Juan.

They seemed to have no regard for the

POSTAL FRANK

FOR MRS. MCKINLEY FAVORABLY CONSIDERED BY THE HOUSE COMMITTEE.

Washington, Jan. 8.—A bill granting to Mrs. McKinley the postal franking privilege for all her correspondence was favorably reported today by the House committee on post offices and post roads. Similar privileges have heretofore been granted to Mr. Tyler, Mrs. Lincoln, Mrs. Grant, Mrs. Hayes, Mr. Garfield and Mrs. Logan.

ELECTED OFFICERS

M. L. GREGORY PRESIDENT OF THE GREGORY VINE-GAR COMPANY.

The directors of the Gregory Vinegar Co. met this morning and elected M. L. Gregory president, Mr. George C. Wallace vice president, Mr. C. H. Schaefer secretary and Mr. A. M. Ogilvie treasurer. All the officers reside in Paducah except Mr. Schaefer, who lives in Birmingham; Ala.

The company was recently reorganized, increasing its capital stock several thousand dollars. Its business is growing so rapidly that the increase of \$300 for charging more to haul certain commodities a short distance than a long one. It is claimed that the provision of the constitution relative to the mailing clause was a violation of the fourteenth amendment of the federal constitution. Justice Shiras, who rendered the opinion of the court, said it was merely a question of state policy. "Whom," he said, "the citizens of Kentucky voluntarily seek and obtain a grant from the state of a charter to build and maintain a public highway in the form of a railroad, it would seem to be evident that they take, hold and operate their road subject to the constitutional inhibition we are considering and without power to challenge its validity."

It doesn't seem to have been long since one of our city officials raised a socks because he found that he had subscribed for stock in a newspaper in which some "Goli Big" Democrats were interested. He wrote a card, intimating that he could never compromise his pure, undefiled Democracy by being interested in the same newspaper with such a horde of Democrats. So he drew out, the paper continued to appear regularly, and now he has become an officer in a paper whose peculiar style of Democracy may suit him pretty well when his own party, in power at the city hall, gets through ripping his administration to pieces.

WILL PROBABLY CONDEMN.

COMMITTEE TO PASS ON THE BETHSHIRES BUILDING TODAY.

Fire Chief Woods said this morning in regard to the condemning of the Bechshires building on Broadway near Third street, that the committee would probably inspect the building today and decide what shall be done with it. The matter was referred to the fire committee and the city engineer at the meeting of the city council Monday night and in all probability the building will be condemned as it is considered unsafe. The walls are badly sprung and have been for the past several years. The timbers are unsafe and there are numerous other things the matter with the house that will render it unsafe even to stand, according to Chief Wood.

Chief Wood made up his mind to condemn the building on lower Broadway about one year ago and succeeded in having them all torn down and several houses already been rebuilt.

FOR BREACH OF THE PEACE.

BOB TIDWELL ARRESTED THIS MORNING AND LOCKED UP.

A new bill has been introduced in Congress to restrict immigration. Among those it bars are those who have engaged in any plot against a government, polygamists, anarchists, nihilists, or members of any secret order whose tenets are at variance with the principles on which the United States government is founded.

Bob Tidwell, white, was arrested this morning on a warrant sworn out by Jessie Shaw, charging him with a breach of the peace. He is alleged to have cut her shoes up. He was arrested by Officer James Collins, and in default of a bond was sent to the lock-up to await trial tomorrow morning.

SINKING

CHANGE IN THE CONDITION OF RABBI MOSES.

Louisville, Jan. 8.—Rabbi Moses is slowly sinking and death is believed to be not distant.

The change for the worse came yesterday. During the morning he rallied slightly, but shortly after noon became worse again.

CONSTABLE PATTON QUALIFIES.

Constable A. H. Patton yesterday afternoon qualified, and gave as his bondsmen Messrs. Dennis Macnutt, Phil Stephan and Sam Stark. He was elected to serve another term in the second district at the last election, but owing to illness was unable to qualify.

LEAVES FOR LEXINGTON.

Former County Judge Emery leaves tonight for Lexington with Jesse Edmonson, the boy sent to the Phillipines, to consult with Rear Admiral Wright, the transport Grant, for the benefit of his health, and also to confer with the President and the secretary of war regarding affairs in the islands.

MARRIED AT FULTON.

Fulton, Ky., Jan. 8.—Yesterday in Knight's Hotel Mr. James Reenick and Miss Nora E. Jordan of Clinton, Ky., were married. Rev. J. H. Thomas of the C. P. church officiated. Mr. Sam Reenick and wife, Calvin Campbell and Miss Effie Jordan, and Mr. Tom Reenick accompanied the bridal couple to Fulton.

PRESSING PANAMA OFFER.

New York, Jan. 8.—E. Lampe, secretary-general of the Panama Canal company, arrived here today on board the steamer *L'Aquitaine* from Havre. M. Lampe will go to Washington to consult with Rear Admiral Wright regarding the proposed sale of the Panama Canal company to the United States government. He refused to talk on the subject here.

WITHDRAWAL OF TROOPS.

Washington, Jan. 8.—Acting in accordance with the recommendation made by Gen. Wood, military governor of Cuba, Secretary Root has directed that the third squadron of the Eighth cavalry, comprising the entire garrison at Puerto Principe, be brought to the United States. This is practically the beginning of the general withdrawal of the United States troops in Cuba, preparatory to the transfer of the control of affairs to the civil government to be installed during the coming summer.

CRUTCH-BOUND

The man with the crutch never fails to arouse the deepest sympathy and awaken the tenderest emotions of his more fortunate fellow being. The haggard countenance, swollen joints and twisted and deformed limbs tell a pathetic story of suffering such as Rheumatism alone can inflict. Only those who are painfully and slowly hobbling through life can fully realize what it means to be crutch-bound. They feel most keenly their helpless and dependent condition when it dawns upon them that they are no longer workers but unwilling drones in the busy world.

Rheumatism should not be neglected because the pains at first are wandering and slight. These are only the rumblings of an approaching storm of pains and aches that may transfer you from a life of activity to the ranks of the crutch-bound cripples.

The Polar Wave is on the ways here undergoing repairs and the Condor is on the docks.

The beautiful sidewheel excursion steamer Island Queen that has been in winter quarters here, will leave for Cincinnati, where she belongs the latter part of this month.

The Joe Fowler arrived from Evansville this morning and departed on return trip shortly after arrival with good trips in and out.

The H. W. Butterfield departed for Nashville today noon with a big trip.

Captain Lee Gordon is enjoying a short vacation after several months' work for "Uncle Sam." Captain Lee has elegant taste at his bachelor home, corner Third and Tennessee streets.

The John K. Speed bound for New Orleans with an immense freight trip and full of folks will arrive today.

The big towboat Exporter, with 80 pieces loaded with coal, passed down yesterday for New Orleans.

The popular Paducah and Tennessee river boat, Clyde, leaves at 5 p. m. today for Tennessee river and is getting a big business.

When Captain Billy Shaw is off duty he enjoys his time at home with his grandchildren. He has several and they are his greatest pride.

The Lee Line Co. of Memphis will soon have two more new steamers, one of them being built at the swiftest boat of all their immense fleet of fine boats.

The water needs by the citizens of Paducah that comes out of the river now, is enough to give them all a muddy look, for every smart drunk there is at least half pint of mud. Johnny Wallace ought to give his father a test.

Captain Louis Dell has been appointed to the command of the steamer Clyde in place of Captain Jim Till resigned. Captain Dell took charge this morning.

Ed Board has been made pilot on steamer Dick Fowler in place of Billy Smith resigned.

Business very good on the wharf today. River on a stand with 30 t this morning.

There is considerable resemblance in the position of river and railroad men, to that of a politician. No telling how long they will hold their positions, as they are liable to be called down at any time.

AMERICAN SAILORS
FIGHT RUSSIAN SOL-

DIERS IN CHINA.

Washington, Jan. 8.—A serious clash occurred between sailors on the United States steamer Washington and the Russian soldiers at Nanchang, China. There have been three fights, and as a result one Russian soldier is reported wounded. The matter was made the subject of a complaint by the Russian ambassador at Peking to United States Minister Conger, and Mr. Conger in turn has informed the state department. Secretary of the Navy Long has cabled Commander Berry of the Vicksburg to use every effort to prevent further collisions. The Vicksburg is in winter quarters in a dock at the mouth of the river, and cannot be released before spring.

If this can be done, there is no excuse for paying fifteen, but the proposition cannot be accepted unless an ordinance is drawn fixing the price at the figure named in the proposition.

It is understood that this will be drawn and submitted to the council at its next meeting.

WHY THE MAN KILLED BY CHILD
IN LINCOLN'S MEMORY.

New York, Jan. 7.—The American Missionary Association has issued an appeal to the congregations and churches of the country to observe Sunday, February 9, as a memorial to Abraham Lincoln, whose birthday is February 12. The churches, and especially their Sabbath schools and Endeavor societies, are urged to emphasize Christian patriotism.

"Abraham Lincoln," says this appeal, "was born in the mountains of the South, where schools and churches have been established by this association. Negroes have grown into a great multitude of more than 8,000,000, among whom this association has planted its institutions and missions. Through its missionaries, the colored people are being trained in shop, on the farm and in the school, church and home, for a safe citizenship and Christian responsibility. President Lincoln urged the kind and Christian treatment of the Indians. The negro and the Indian departments of the missionary work carried on by this association are, therefore, naturally suggested by his name."

The Sun has removed to the old News stand, 111 South Third street.

The man with the crutch never fails to arouse the deepest sympathy and awaken the tenderest emotions of his more fortunate fellow being. The haggard countenance, swollen joints and twisted and deformed limbs tell a pathetic story of suffering such as Rheumatism alone can inflict. Only those who are painfully and slowly hobbling through life can fully realize what it means to be crutch-bound. They feel most keenly their helpless and dependent condition when it dawns upon them that they are no longer workers but unwilling drones in the busy world.

Rheumatism should not be neglected because the pains at first are wandering and slight. These are only the rumblings of an approaching storm of pains and aches that may transfer you from a life of activity to the ranks of the crutch-bound cripples.

Rheumatism is due to acrid gritty particles being deposited in the joints, muscles and nerves by an impure and too-acid blood, and the strongest constitutions or muscles of iron and nerves of steel can long withstand these corroding poisons. They penetrate to every fibre of the body, and no liniment, lotion or other external application can reach and dislodge them.

Finally the natural oils are consumed when there is a creaking, grinding noise with every movement of the limbs, the joints become locked and immovable, the muscles wither or contract, the nervous system gives way and the patient becomes a physical wreck and crutch-bound cripple. Rubbing with liniments may produce counter-irritation and afford temporary ease, but they cannot reach and destroy these corrosive particles, which are daily forming in the blood.

The correct treatment—the true cure for Rheumatism—is a remedy that will dissolve and wash out this inflammatory matter and expel it from the system, and no medicine does this so promptly and thoroughly as S. S. S. It neutralizes and eliminates from the blood current all poisonous, noxious substances and makes the blood pure and strong again and, in Rheumatic cases act very injuriously upon the lining of the stomach, causing inflammation and a most distressing form of dyspepsia.

S. S. S. not only purifies the blood, but at the same time invigorates and tones up the whole system, increases the appetite, strengthens the digestion and restores the rheumatic sufferer to sound health again.

Guaranteed Purely Vegetable Compound. The strong minerals that are usually prescribed

in Rheumatic cases act very injuriously upon the lining of the stomach, causing inflammation and a most distressing form of dyspepsia.

S. S. S. contains no Potash, Opium, Anodyne or mineral of any description, but is a

blood pure and strong again and, in the proper channels. This rich new blood cools the feverish, throbbing muscles and joints and refreshes the tired nerves, and welcome relief comes to the wretched sufferer.

INSTALLATION OF OFFICERS.

The Woodmen Circle last night installed the following officers: Joseph

B. Flasch, council commander; John

E. Williamson, Jr., advisor lieutenant;

Charles W. Emery, clerk; Henry

Lehrbaldt, Jr., banker; Charles Raw-

lin, escort; John Hulman, watch-

man; Dr. Harry Williamson, Dr. Rob-

ert Hicks and Dr. Crawford Wohl,

physicians; John W. Hesley, Frank

Roark and Joseph Woods, managers;

Elmer Townsend, captain of drill

team; Joseph B. Flasch, trustee of the

bond.

Captain Louis Dell has been ap-

pointed to the command of the steamer

Clyde in place of Captain Jim Till re-

signed. Captain Dell took charge this

morning.

Ed Board has been made pilot on

steamer Dick Fowler in place of Billy

Smith resigned.

Business very good on the wharf

today. River on a stand with 30 t

this morning.

Chas. Reppole, Atwater, O., was

in very bad shape. He says: "I suffered

a great deal with my kidneys and was

requested to try FOLEY'S HONEY AND

TAR. I did so and in four days I

was able to go to work again, now I am entirely well."

J. C. Gilbert.

COALERS IN COLLISION

Lisbon, Jan. 7.—The British steamer

Alfonso from Newport, December

15, for Gibraltar, and the Spanish

steamer Vilvela, both loaded with

coal, collided during the night of Jan-

uary 4 off Alvor, Portugal. Both

vessels sank. Eighteen men of the

Alfonso and one man belonging to the

Vilvela were drowned. Twenty-four

members of the Vilvela's crew and the

captain of the Alfonso were picked up

and landed at Linhos.

J. W. Bryan of Lowell, Mass., writes:

"My little boy was very low with

pneumonia. Unknown to the doctor we gave him FOLEY'S HONEY AND

TAR. The result was magical and

snapped the doctor, and he immediately

stopped the racking cough and he quickly recovered."

J. C. Gilbert.

MORMONISM IN GERMANY.

Berlin, Jan. 7.—The German Mor-

mon conference has assembled here,

under the leadership of Hugh J. Can-

non, son of the late George Q. Can-

non, the well known Mormon apostle.

One hundred and twenty-five Mormon

missionaries are now working in Ger-

many, and have secured 2,000 follow-

ers. The present conference is attend-

ed by more than 100 German mis-

sionaries.

MOONSHINE IN CHINA.

Washington, Jan. 8.—A serious

clash occurred between sailors on

the United States steamer Washington

and the Russian soldiers at

Nanchang, China. There have been

three fights, and as a result one

Russian soldier is reported wounded.

The matter was made the subject of a

complaint by the Russian ambassador

at Peking to United States Minister

Conger, and Mr. Conger in turn has

informed the state department. Secre-

tary of the Navy Long has cabled

Commander Berry of the Vicksburg to

use every effort to prevent further

collisions. The Vicksburg is in winter

quarters in a dock at the mouth of

the river, and cannot be released

before spring.

If this can be done, there is no excuse

for paying fifteen, but the proposi-

tion cannot be accepted unless an

ordinance is drawn fixing the price at

the figure named in the proposi-

tion. It is understood that this will be

drawn and submitted to the council

at its next meeting.

argued to be present at the prayer meeting service at the Cumberland Presbyterian church this evening at 7:30 o'clock. Rev. J. C. Reid will begin a series of special talks for the month.

Pusey and St. John, those sterling comedians with a musical farcical comedy and really pretty women and funny men will appear at The Kentucky tonight in the play that made Ward and Ward famous "A Run on the Bank." Not in years have two artists received such high praise from critics and public as Pusey and St. John have this season. "A Run on the Bank" admits of many clever situations, and as opportunity for good people to amuse, but at any rate their reception every place has been by their most ardent admirers Mr. Geo. L. Chennell, who directs the company, is an old and capable master of amusement seekers and has surrounded his clever stars with everything to make two hours and a half spent as pleasantly as one can desire. There are many handsome women who can sing, dance, talk and act. There are new comic and sentimental songs. The ladies are handsomely gowned, in fact it's a good show.

"A Capitol Comedy" is the title of Mr. Timothy Murphy's new play which he is to present at The Kentucky tomorrow night. The quaint comedian's new play is the work of Paul Wiliach, one of the most prominent of the younger writers and comedians in the business management of Richard Mansfield. Both the author and the dramatist have resided in Washington and know the scenes characters and incidents in "A Capitol Comedy" thoroughly. Joel Gay is the name of Mr. Murphy's new creation. It is an American character study in the same class with, without resembling, Stuart Robson's famous Berlin the Lamb and Sol Smith Rose's Noah Vale. The play has a strong story of modern Washington social and official life, in which setting are a group of character studies of rare humor. Seats went on sale with a rash this morning and indications are for one of the biggest houses of the season.

CROWN OF THE CONTINENT.

Height of Land Above Water in All Directions.

George Bird Grinnell describes the century what he calls the Crown of the Continent of North America: Far away in northwestern Montana, hidden from view by clustering mountains, lies an unmapped corner—the Crown of the Continent. The water from the crusted snow drifts which cap the peak of a lofty mountain there trickles into tiny rivulets, which burry along north, south, east and west, and growing into rivers, least pour their currents into three seas. From this mountain basin the Pacific and the Arctic oceans and the Gulf of Mexico receive each its tribute. No words can describe the grandeur and majesty of these mountains, and even photographs seem hopelessly dwarf and belittle the most impressive peaks. The fact that it is altogether unknown, the beauty of its scenery, its varied and unusual fauna, and the opportunities it offers for mountaineering, give the region a wonderful attraction for the lover of nature. Beyond the head of the lower lakes one cannot go, and the traveler who wishes to reach the heads of any of the streams must leave his wagon and start into the mountain with a pack-train. This means that all his possessions—his food, his bedding, and all his camp furniture—must be lashed on the backs of horses and mules, and so carried through the dense forests and up the steep mountain sides. This is a pleasant mode of traveling, though it is slow and entails much more labor than traveling in a wagon. It has, however, the great advantage that it makes one independent. With a pack train the explorer can go almost where he pleases. Neither dead brambles, close-standing timber, nor steep slopes furrowed by great ravines can stop him; wherever a man can ride, a pack-horse can follow.
